OBJECTIVE

Enthusiastic Software Developer with hands-on experience in building mobile, web, and AI-driven applications using Flutter, Python, Firebase, and Flask. Strong foundation in databases and problem-solving, with published apps on Google Play and contributions to open-source packages. Seeking to apply skills in full-stack development and cloud-based solutions to deliver impactful projects.

SKILLS

LANGUAGES – **Python, Dart, JavaScript, Typescript**

FRAMEWORKS & LIBRARIES – **Flutter, Flask, Angular**

DATABASES – **MySQL**, **MongoDB, PostgreSQL**

TOOLS & PLATFORMS - **Git, Firebase, GitHub, REST APIs**

OTHER SKILLS – **Machine Learning, Agile Development, Problem Solving**

PROJECTS | GITHUB LINK

➤ **DailyLoop** (Productivity & Habit Tracking App) | **Google Play**

Built and published a mobile app to help users manage tasks track habits, and stay consistent in their daily routines. Implemented features like reminders, tasks, statistics for tracking. Designed an intuitive UI to ensure smooth user experience. Deployed on **Google Play Store.** Tech stack – **Flutter, Dart**.

➤ **Green Guard AI** (AI-powered Agricultural Assistant) | **GitHub**

Developed to empower farmers and agricultural enthusiasts with cutting-edge AI technology. The platform combines machine learning models, real-time data integration, and intelligent chatbot assistance to provide end-to-end agricultural support – from crop selection to disease management and market analysis. Tech stack – **Python, Machine Learning, Flask, HTML/CSS/JavaScript**.

➤ **block_porn** (Flutter Package) | **pub.dev**

A Flutter Package to block and filter inappropriate or unwanted URLs. Integrated a predefined list of blocked URLs and supported custom blocklists, allowing developers to easily check and extend URL cleaning and validation, making it lightweight and developer-friendly.

EDUCATION

Anna University, Chennai

Master of Computer Application with CGPA 8.0

2023 - 2025

Thiruvalluvar University, Vellore – *B.Sc.*

Computer Science with CGPA 7.8

2020 - 2023

ACHIEVEMENTS

- Published an open-source Flutter package on pub.dev (*block_porn*) with community usage. | **LINK**
- Ranked **2192 in LeetCode Weekly Contest 441** among 28,000+ participants. | **LINK**

CERTIFICATIONS

Crash Course on Python (Google) | **Certificate**

MongoDB for SQL Professionals (MongoDB) | **Certificate**

Project Management Fundamentals (Microsoft) | **Certificate**
